

## Unparalleled Quality & Innovation

- With over 1,300 patents, we offer thousands of cable, conduit, components & connectivity options
- Every product feature & detail is manufactured to exacting standards
- Only high quality materials & products manufactured within tight tolerances are worthy of bearing the CommScope name
- Production operations located on 5 continents produce high performance solutions selling into more than 130 countries

## AIM<sup>®</sup> – Smart Inventory Management

- A collaborative planning, forecasting & supply replenishment tool that adds value and helps manage inventory more effectively
- Easy to implement, AIM improves inventory turns & reduces costs
- Uses simple bar-coding technology

## Exceptional Service

- A solid business partner with an impressive service track record
- Professional account teams aligned for responsive services
- A vast network of trained sales associates & distributors

## Cable Transport<sup>®</sup> – The CATV Industry's Truck Fleet

- Efficiently & affordably delivers or moves inventory
- Impressive on-time delivery performance
- 24-hour disaster recovery response

## Reel Recycling – Simple Cost-Savings

- Let CommScope pick up & recycles reels to clear yard space & reduce costs
- Earn credit towards future cable purchase for reels returned in reusable condition
- Call to schedule your next truckload pick-up

## Experienced Technical Staff

- Field & lab support coupled with installation/training materials offered in English & Spanish
- Tap into CommScope's deep knowledge base & support at no additional cost
- Download a wide array of technical documents, white papers & software online at [www.commscope.com](http://www.commscope.com)

## Strong Industry Involvement

- Global tradeshow participation
- Active in industry associations
- Sizable contributions to many industry initiatives

# Signal Vision® + CommScope®

## Two Broadband Leaders Connect

### Premium Subscriber Drop Products

- CommScope proudly offers Signal Vision's family of technically advanced subscriber amplifiers, splitters, interactive taps, grounding products and locking terminators
- All products backed by a 5-year warranty and a 30-year history of reliability
- Generous stocking program for immediate delivery of most products

### Subscriber Amplifiers – Including NEW VoIP Amplifier

- Excellent performance & reliability with ultra low-noise signal amplification & 6kV surge protection

- Space saving miniature package
- Unique positive tilt compensates for higher attenuation at higher frequencies
- Patent pending VoIP bypass amplifier preserves lifeline telephony service in the event of power failure
- Options include: 1, 2, 4 and 8-port configurations; VoIP bypass and return-only amplifiers

### Digital Splitters – Superior Performance to 1 GHz

- Innovative four-sided center conductor contact provides better performance than alleged "360-degree" designs
- Flat-end ports for proper ground plane match
- Better than 120 dB RFI
- Two layers of protection against corrosion

### Interactive Taps – A New Approach, A Better Solution

- Execute services immediately without generating a truck roll
- Select filtering options to manage reverse path noise
- Compatible with industry standard billing systems
- Telephone filter for 911 service
- Favorable payback

### Connectors - Locking Terminators, Ground Blocks & F-81s

- Nickel plated brass locking terminator with 35 dB return loss, compatible with Gilbert GTP59
- Industry-leading F81s and ground blocks with unique, patented ground clamp
